SEVENTEENTH YEAR.

EARLINGTON, HOPKINS COUNTY, KY., THURSDAY, APRIL 5, 1906.

No. 14

TILLMAN HAS MADE SENATE BEAR GARDEN

Senator Spooner Advises Him to
be Cured of Jaundice.

SOUVENIR KITTENS
FROM WHITE HOUSE.

Andrew Carnegie Says Senate is Ablest
Legislative Body.

Washington, April 2.—(Special)—According to statements being made by those who know the Senate will hardly be ready to vote on the railroad rate bill before the first of May. This leaves a month for hammering into shape the Hepburn bill, which is admittedly unsatisfactory and dangerous in its present form. The series of great speeches which have been made in the last two weeks show that a suitable provision for judicial review and temporary suspension of the orders of the Commission must be incorporated in the final bill. Meanwhile there is considerable exasperation with the actions of Senator Tillman, who has transformed the usually dignified Senate chamber into a veritable bear garden. As champion of the rate bill, an honor that was unsought by him, he has deteriorated into a common scold, and personalities are indulged in daily by the exasperated members. Senator Spooner voiced the sentiment of a majority of his colleagues Tuesday when he said, "On Carolina statesman."

The attitude of Senator Tillman is all the more peculiar in that he echoes the Hepburn bill as prolix and altogether inadequate, and there is ground for the belief that he is venting his exasperation at having to father the Hepburn bill by setting the Senate by the ears.

The House Committee on Ways and Means, in deciding by a vote of 16 to 2 to report favorably the bill for free alcohol, has taken a step of vast importance to manufacturing interest and the arts. The bill provides for the removal of the internal revenue tax on denatured alcohol, which while not fit to drink, can still be used to produce power, heat and light. The liquid can be manufactured from grain, certain roots, vegetables, and indeed anything which contains starch and will mean much to the farming class by affording a market for decayed fruit, damaged grain and the like. Two gallons of the alcohol can be manufactured from one bushel of corn, and the residue is said, will still be valuable for stock feeding purposes. Many industries will be revolutionized if this bill passes Congress, since it will substitute alcohol for other forms of fuel. At present the high revenue tax prevents its use. It seems certain that the measure will pass the House this session, but there are some doubts as to the Senate, where it is opposed by powerful interests.

Time was when the President used to give to his friends, as a mark of special distinction his autographed photograph. But that time is now passed and the very favored few the chief executive is now presenting the

"Slippers" be it known, has just become the mother of seven, and Congressman Bede of Minnesota, the humorist of the House, has been made the proud recipient of the first of the batch. It was given him as a mark of the President's appreciation of his invitation to come to Duluth to hunt bears. The opportunities for this sport are unparalleled, thirteen bears having been killed in the city streets last year according to Mr. Bede, who left the White House as happy over the gift of the kitten as if he had been presented the best consulate in the service.

On the one hundredth anniversary of the approval by President Jefferson of the first act looking to the construction by the Government of the Cumberland Pike, through the states of Maryland, West Virginia, Pennsylvania, Ohio and Indiana, Representative Pearre has introduced a bill looking to the reconstruction and maintenance of this internal improvement by the government. The bill is in the line of state and national aid in road building which has aroused so much interest throughout the country during the last few years, and which has provoked so much state legislation and discussion in Congress along these lines. The bill provides for a commission to investigate present conditions and report on the expense and advisability of carrying out the plan.

Admirers of "Uncle Joe" Cannon seem never to weary of showering their favorite "home-spun statesman" with home-made gifts. This week he has again been the recipient of another article of home manufacture, which while it was not like its predecessors in being wearing apparel will nevertheless contribute to his bodily comfort. The gift this time was a knitted wash cloth which was delivered to the Speaker by Representative Legare and was accompanied by a note which read, "Wash cloth knit of South Carolina yarn by a Charleston lady for Uncle Joe Cannon." Fellow members of the House were inclined to poke fun at the Speaker but he only remarked, "The kind friend who sent me this evidently believes as do I that cleanliness is next to godliness."

Although apparently above feeling the attacks made on it by frenzied magazine writers, the Senate is none the less human, and members of that body have accepted with satisfaction the encomiums of Andrew Carnegie. Mr. Carnegie, in the Washington Post, was asked:

"Do you regard the Senate as antagonistic to effective railroad rate legislation?"

"No," was his prompt reply. "On the contrary, I hold the Senate to be the grandest body of legislators in the world. I consider it a great, salutary, conservative force. If I could select a tribunal to try me on the charge of any crime, I should select the United States Senate. If I were innocent, and should avoid it if I were guilty. I consider the recent attacks on the Senate outrageous because undeserved. I think it is the ablest legislative body of men in the world today."

As the views of the "Laird of Skibo" on the rate question are known to be in favor of legislation, these words of praise from him have given the Senators heart of grace.

There is a movement on foot

national government the house in which the first American flag was made by Betsy Ross. John Quincy Adams, secretary of the American Flag House and the Betsy Ross Memorial Association, is here to tender to the government the old Flag House property in order that it may be preserved for the American people.

Presidential booms for 1908 are forming even at this early date. The latest candidate to receive a boost is Vice President Fairbanks since the Republicans of the Eleventh Indiana district have just adopted resolutions naming him as their choice as the next occupant of the White House.

If you were chagrined on St. Valentine's Day because you did not receive paper-lace cards bearing mottoes of endearment, put off your mourning. The missing valentines probably are among the number impounded in the Dead Letter office. Within the last seven days more than 10,000 of these more or less perverted messages of Cupid have been received. The great majority will have to be destroyed, for of course the senders' names in most cases are not obtainable.

General Luke E. Wright, of Tennessee, the newly appointed ambassador to Japan, has announced that he will sail from Seattle for Yokohama on May 15, after a visit to his old Tennessee home.

CENTRAL CITY

Wants the County Seat of Muhlenberg.

Central City will soon take the necessary steps to secure the location of the county seat now located in Greenville, Ky.

Central City is a flourishing town of the fourth-class and its population is gradually increasing.

It is a prominent railroad point, at the junction of the L. & N. and L. C. railroads. The Kentucky Midland from Madisonville to Central City, is now under construction and it is probable that the Bowling Green & Western R. R. will be built to that city.

It is estimated that from 80 to 90 percent of the residents and taxpayers of the county are in favor of the change.

Ohio on the Rampage.

The Ohio river at Evansville has passed the danger line of thirty-five feet and is still rising at the rate of nearly an inch an hour. The rise is expected to continue until the last of this week or even later. All the side streams of the Ohio river continue to come up rapidly. From indications, a stage of forty-one feet will be reached before the high waters commence to recede. People living along White river are expecting the greatest flood since 1897.

Ollie James Has Clear Field.

Paducah, Ky., April 2.—As there is only one entry in the race for Congress from the First district, it is probable that Ollie James will be renominated by the Democrats in convention instead of a primary. The entries close tomorrow, and the County Committee will be called together on April 7 at Princeton.

Congressman James refuses to have anything to say regarding the reports that he might become a candidate for Governor.

The total length of railways in Japan is now over 4,000 miles. The longest is now over six inches.

WANTS A DIVORCE

Madisonville Fruit Dealer Weary of
Wedded Vows.

Mrs. Julia Spiro who in connection with her husband has been running a fruit store in Madisonville for several months has filed a petition for divorce with Circuit Clerk Gatlin against her husband George Spiro. This petition recites that she was compelled to leave her husband on account of cruel and inhuman treatment and abuse. It also states that on one occasion Spiro threatened her life with a knife and she was saved by the aid of outside parties.

Mrs. Spiro asks that her husband be made to pay \$1000 when the divorce is granted and ten dollars a month thereafter, for her support.

MISS BEULAH BOURLAND,

Of Madisonville, Found Dead in Bed.

Miss Beulah Bourland, a young lady twenty-two years of age, was found dead in her bed Sunday morning at the home of her mother, Mrs. Harry Bourland, in Madisonville.

While Miss Bourland's death was thought to be only a question of time for she was a sufferer of consumption, her sudden death was a great shock to relatives and friends.

Miss Bourland was a sister of Bob Bourland, who a few years ago taught school at this place.

The funeral services were held Monday afternoon at the Christian church of which she was a member and the burial was at Grapevine.

Percy Luster Taken to Insane Asylum at
Hopkinsville.

Percy J. Luster, charged with the sensational murder of his wife at Guthrie last July, was received at the Western Kentucky asylum for the insane in Hopkinsville March 30th, he having been declared insane by a jury at Elkton Thursday. Luster was unable to walk, and was brought to the asylum on a cot.

The physicians state he is terribly emaciated and can hardly talk, and takes no notice of happenings about him. They say he is undoubtedly crazy, and that he cannot live very long. He is confined in a special ward on the third floor especially prepared for safekeeping of patients under treatment.

Father O'Connor Accepts a Call to
Louisville.

Father O'Connor, who succeeded Father Coenen and who has been pastor of the Catholic Church in this city since last July, has been called and accepted the pastorage of the St. Michael's church in Louisville. Father O'Connor was universally liked by all and his efforts have been earnest and successful. Many friends here regret to give him up. It is not yet known who will be his successor.

Civil War Contest.

Fulton, Ky., March 31.—The Daughters of the Confederacy are offering prizes for the three best essays on "Causes That Led to the Civil War." All Kentucky children under sixteen years of age are eligible to enter this contest. For each of the best two the prize is \$10 in gold, and for the third \$5 in gold. Contest closes the first day of August. All papers should be addressed to Mrs. Mrs. U. S. Shacklett, Fulton, Ky.

Because of little expenses, A small leak will sink a great ship.

REV. O'CONNOR

Called to Louisville—Made Large Number of Friends While Here.

Our pastor, the Rev. Martin O'Connor, was suddenly called from here last week by the Right Rev. Bishop to take charge of St. Michael's church in Louisville. It was a great surprise to the congregation and they were grieved to give him up as our church affairs were going on nicely and he was supposed by us to be here permanently and to him. He said that he regretted to go, but we must obey our Bishop and be resigned. A large congregation attended his last mass to take leave of him. The kindly feeling for him, was demonstrated by many of the grown people shedding tears when they told him good-bye. He visited the school to take leave of the sisters and school children and after bidding them good-bye he gave them a holiday and they went home weeping like their little hearts would break because Father O'Connor was going away. He was held in high esteem by his congregation here and while the change is a well deserved promotion and we are truly glad to see him so kindly remembered and are thankful to the Bishop for the kind favor to Father O'Connor, we feel that we have lost a dearly beloved pastor and one whom we sincerely regret to part with. That our Blessed Lord will bestow his choice blessings on Father O'Connor is the unanimous wish of the congregation of the Church of the Immaculate Conception of Earlinton, Ky.—Written by one of them.

COL EDWARD WEIR.

Prominent Citizen of Greenville, Ky.
Dead.

Col. Edward Rumsey Weir, one of Greenville's most prominent citizens, died in Owensboro, March 29th of paralysis at the age of 67 years. Col. Weir leaves a wife and four children all of whom are grown.

The remains were taken to Greenville Saturday and the interment took place Sunday.

Children's Service.

The morning service at the Christian Church next Sunday will be devoted to children. The pastor will preach a special sermon and the song service will be led by the children. Seats will be reserved for all young people who attend and a special invitation is extended to all. A card with the outline of the sermon will be furnished each child who attends. Parents are urged to attend also.

At the evening service the subject of the sermon will be "Is Christian Union Possible?" A special invitation is extended to members of all churches.

How to Keep Earlinton Clean.

Do not throw paper in the streets or into other public places.

Do not make dumping grounds of vacant lots.

Do not allow rubbish to accumulate on your premises. Burn it.

Set your neighbor a good example by keeping up your lawn, your fences and your buildings and call his attention to this move.

Keep the sidewalks and street in front of your property free from stones and rubbish.

Experiences keeps a dear school but fools will learn in no other.

POPULAR CONDUCTOR

Assaulted by Union Miners in an
Illinois Town.

STOOD THEM OFF WITH KNIFE.

When southbound passenger train 51 pulled out of Rensselaers, Ill., Monday three union miners were approached by Conductor Joe Robertson for tickets. The miners told him they were on a strike and had no tickets. Mr. Robertson then said "you will have to pay your fare or get off." The men replied they were not working and had no money and would not get off. The train was then stopped and Mr. Robinson said to them "you had better get off without any trouble I cannot let you ride without a ticket." The three men got up unwillingly and went slowly to the door followed by the conductor. As soon as they reached the steps of the coach two of them pulled Conductor Robertson to the ground and all three of them jumped on him. One of the men kicked him just above the eye leaving it badly swollen and discolored. The other two administered several kicks on his side and chest before he could get on his feet. When he did get up he managed to get his knife out and held the three men at bay until the flagman arrived with his pistol. When the miners caught sight of the pistol leveled on them they ceased hostilities but still stood and cursed the railroad men until the train pulled out.

A party who saw part of the trouble says Mr. Robertson put up a game fight notwithstanding he was taken completely by surprise and it was three against one for quite a while. Baggage-man Browder Myers and the express messenger did not know anything was doing until it was too late to render any assistance, but Mr. Myers appeared with a hatchet just as Conductor Robinson gave the signal to go.

Another Switch Engine.

Earlington will have another switch engine in a short time and instructions have been received to that effect. Local officers have felt for some time that it would be impossible to do the work in this yard without the aid of another engine and a request for one was made several days ago. The business here and on the Henderson division has increased greatly in the past few months and is still increasing consequently a third engine is a necessity in this yard.

Magenheimer-Vinson.

Henry Magenheimer, of this place, and Miss Ethel Vinson, of Shelbyville, Tenn., were united in marriage at the residence of the bride's parents Thursday at 2 o'clock and came to Earlinton. Mr. Magenheimer is a son of Mr. and Mrs. Jake Magenheimer of this place, and is a worthy young man. He is at present employed in the mines at Graham, Ky. Miss Vinson is a popular young lady and has quite a number of friends in her home town.

Young Man at White Plains Kicked by a Mule.

The seventeen year old of Douglas Whitfield living at White Plains, was kicked in the breast Sunday by a mule and was for some time unconscious. It is not yet known how serious the injury is, but it is feared that internal injuries may develop and the accident may prove fatal.

It Pays to Advertise.

SHORT LOCALS

Thos. Longstaff moved his family to Providence yesterday, where they will reside in the future.

Wade Bourland, of Madisonville, has accepted a position with Ashby & Livingston at this place.

Mr. and Mrs. W. N. McAllister have gone to Evansville, where they will make their future home.

Mrs. Margaret Bourland, who recently broke her arm, is getting along nicely and is able to sit up some.

Miss Essie Day, of Henderson, was here this week. Miss Day has accepted a position on the Henderson division as operator.

A handsome new organ which was purchased by the M. E. Church South some time ago arrived last week and gives general satisfaction.

The contractors in Earlington are kept busy. Quite a number of new houses are being erected and several additions and repairs are contemplated by Earlington property owners.

J. W. Robinson is closing out his groceries as rapidly as possible and will in a short time add another table to his pool room and put a stock of gent's furnishing goods in the front portion of his store.

Dan Evans is having another room added to the upper story of his already commodious dwelling. This room will be occupied by Mrs. Evans' mother, Mrs. Elsie Robinson, who will make her home with them.

It is thought the north and south local crews on this division that were short time ago moved to Howell and Hopkinsville will be moved back to Earlington. No official announcement has been made but it is almost certain this will be done.

John Dew, of Hopkinsville, a former employee of the Messenger, is now connected with the mechanical department of THE BEE. He comes with well deserved recommendations and is a worthy young man, who is a welcome addition to our city.

James C. Moreland, who, for the past year, has been employed by THE BEE, has accepted a position in St. Louis and left for that place Sunday night. Jim was a favorite with all who knew him and his presence will be sadly missed by the many friends of the young man.

Easter Sunday will fall on April 15th. Palm Sunday the week before on April 8th. Weather forecast promises a fair day for Palm Sunday but Easter Sunday seems doubtful. For the Saturday before Easter a storm is predicted, and the Monday following the forecast says rain or snow.

The revival that has been in progress at the Methodist church on the hill for the past several weeks came to a close Thursday evening. The meeting was conducted by the pastor, Rev. Dams, and Rev. Embery, of Ohio county. The series resulted in nineteen conversions and several additions to the church.

The Sunday schools of the Christian churches in Earlington and Madisonville are engaged in a friendly contest for the increase of their attendance. Last Sunday Madisonville led with ten majority, the attendance being Madisonville 156, Earlington 146. The local school is endeavoring to pass up to the lead next Sunday.

Drivers are entirely too careless. Saturday Mrs. James Harris was sitting in her buggy in front of the restaurant, a man driving a large two horse wagon drove by and caught one of his wagon wheels in the wheel of Mrs. Harris' buggy, almost tearing it off and frightening her. The man drove off, making no apologies and offering no assistance.

The days of Maximilian in Mexico were the last days of old world monarchy in the new world. France provided Maximilian with a splendid court, then abandoned him and let him be led out by his enemies and shot. It was a stirring time, and "A Royal Slave" is a stirring play, showing the people and manners of the day as no history or novel has ever done. Temple theatre, April 12.

How Are Your Kidneys? Dr. H. C. Matthews, 111 N. 2nd St., Chicago, Ill.

Two of Earlington's young men called on some girl friends one evening last week and stayed rather late before departing. Before leaving, however, permission was given for another call on the following evening. One of the young men was somewhat surprised the next day when he received a letter from the father of the young ladies which read thus: "When you and your companion call tonight please bring a gallon of coal oil."

Mexican history is replete with romantic stories, but in the days of Maximilian, a half century ago, romance rose to its highest plane. Those were the days when knight-hood was in flower fully as much as in Europe centuries ago. Clarence Bennett has made one of nature's upstarts, a descendant of kings as well, the leading character in "A Royal Slave," one of the strongest and most dramatic productions of the day, which come to the Temple theatre, April 12.

ROLL OF HONOR

For Earlington Graded School for Month of March.

During the month ending March 30, 1906, the following pupils were neither absent nor tardy, made an average of two percent or more in recitations and 100 per cent in deportment:

8th Grade.
Sibyl Ashby.
Ida Croft.
Myrtle Griffin.
Martha McGary.
George Myers.
Roy Peyton.
Pansy Rule.
Ada Toombs.
Ruth Wyatt.

8th Grade.
Irene Coyle.
Hazel Fawcett.
Eleanor De Gordon.

7th Grade.
Lunnie Draper.
Lucy Fawcett.
Elizabeth Kemp.
Zilpah Morehead.
Gertie O'Bannon.
Essie Trent.

6th Grade.
Fannie Ezell.
Edna Jackson.
Margaret Kemp.
Kirby O'Bannon.
Henry Pilkinton.
Arva Rea.
Goldie Salmon.

5th Grade.
Carrie Baldwin.
Osie Cavanaugh.
Kathleen Corey.
Bertha Orr.
Paul Pilkinton.

4th Grade.
Elizabeth Corey.
Willie Craig.
John Hodge.

3rd Grade.
John Brown.
Pearl Cavanaugh.
Monroe Craig.
Willie Ezell.
Roy Faver.
Mamie Foster.
Cammie Fox.
Pansy Myers.
Verna Miller.
Fairy Shaw.

2nd Grade.
Howard Arnold.
Doris Shaver.
Glady Walker.
Delbert Wilkins.

1st Grade.
Marvin Curtis.
Edwin McGary.
Rowan Morris.
Ruth Owen.
Geraldine Vaughn.
Jack Whitford.

People Who Should Not Drink Hot Water.

Persons who have irritability of the heart should not drink hot water. Hot water will cause palpitation in such cases.

Persons with dilated stomachs should avoid the drinking of hot water.

Persons afflicted with "sour stomachs."

Persons who have soreness of the stomach, or pain induced by light pressure.

Hot water will relieve thirst better than cold water, and for that purpose it should not be condemned. But hot water is excitant, and in cases in which irritation of the stomach exists it should be avoided.—Philadelphia Inquirer.

PERSONALS

Mrs. Jno. B. Atkinson, Mrs. Geo. C. Atkinson, Mrs. Paul M. Moore and Mrs. Jno. M. Victory were guests from this city of Mrs. Walter Dulin's card party in Madisonville Friday.

Miss Celeste House spent Friday in the city.

Mrs. Dan M. Evans and Miss Ethel Evans were in Madisonville Friday.

Mrs. Fred Ashby visited friends in Evansville this week.

Mr. and Mrs. W. N. Sisk are visiting friends in Graham this week.

Mrs. A. K. Nisbet and Mrs. Chas. Barnett spent Saturday afternoon in Madisonville.

Mrs. Dan Umstead visited in Madisonville Saturday.

Mrs. Tom Robinson and little daughter, Emma, were in Madisonville Saturday.

Miss Amelia Price, of Madisonville, visited Mr. and Mrs. Paul P. Price Sunday.

Mr. Thomas Robinson, of White Plains, spent Sunday with his family here.

Mr. W. L. Gordon, Sr. and son, Kirby Gordon, of Madisonville, visited W. L. Gordon, Jr., in this city Sunday.

Mr. and Mrs. Ed. Rule and son, Curtis visited friends in Madisonville Sunday.

Mrs. Mary Long, of Crofton, is the guest of Mrs. J. W. Day.

Jno. Long was in Madisonville Saturday on business.

Miss Ruth Croft spent Sunday in Madisonville visiting relatives.

Thos. Murphy, of Central City, visited friends and relatives in this city Sunday. He was enroute home from Evansville where he had been on business.

Mr. and Mrs. J. R. Rash were guests of Mr. and Mrs. Jas. Francey in Madisonville Friday.

Bassett Sisk, of Madisonville, visited friends here Friday night.

Mrs. Grace Grubbs, of Madisonville, attended the dance here Friday night.

Mrs. John Victory and daughter Margaret visited in Madisonville Monday.

Jno. Long and Jim Maloney were in the county seat Monday.

Mrs. Henry Rogers visited relatives in Madisonville Tuesday.

Miss Celeste Moore was in Madisonville Tuesday.

Miss Mattie Wilkey was in Madisonville Friday shopping.

Mrs. Cora Peyton was in Madisonville Friday.

Miss Achsa Bennett visited friends in Madisonville one day last week.

Mrs. Maude Wilkey visited relatives at Beulah a few days last week.

Geo. and Elmer Fox, of Shelbyton, Ind., passed through here Tuesday enroute to Dalton to visit their parents at that place.

Mr. A. P. Smith, flagman at the L. & N. crossing spent Saturday and Sunday with his family at Saddlersville, Tenn.

Mr. Jno. B. Atkinson and Mrs. Paul M. Moore left yesterday for a visit to Louisville, Ky.

Morris Bassett, of St. Louis, visited friends here this week.

Miss Richie Stone was in Madisonville this week.

Mrs. Jno. Taylor and Miss Edith Root, of this city, were in Madisonville this week attending the Easter opening.

Ton O'Bryan, of the Hunter was here one day this week on business.

Mrs. John Rule was in Madisonville shopping Tuesday.

Mrs. E. G. McLeod, of Madisonville, visited friends here this week.

Miss Elizabeth Victory visited in Madisonville this week.

Miss Elizabeth Givens, of Madisonville, visited friends here last evening.

Misses Dona Wood and Eula Oldham spent Sunday with friends and relatives in Hopkinsville.

Miss Charlie Davis, of Princeton, is visiting friends and relatives here this week.

Mrs. Edna Robinson and Miss Mabel Martin were in Madisonville Monday.

Will Feller, of Madisonville, was here Monday.

Mike Cain of Mortons Gap, was in the city Monday.

Mrs. Guy Ashby was in Madisonville Monday.

Mrs. L. H. O'Brien was shopping in Madisonville Monday.

Miss Lanna McLeod and Miss Bonnie Vera Murphy were guests of friends here Monday.

Miss Maggie Mitchell visited Miss Winnie Ashby in Madisonville this week.

Mrs. J. O. Keath was in Madisonville Monday.

Ben Slaton, of Madisonville, was here Tuesday on business.

Esq. Jno. R. Evans, of this city, attended fiscal court in Madisonville this week.

Jas. Ligon, of this place, was in Madisonville Tuesday.

Miss Jennie McGary attended the various millinery openings in Madisonville Tuesday.

Little Corinne Ashby, of this place, is visiting in Madisonville this week.

J. T. Denton and Iley Lane, of this place, were in the county seat Tuesday.

Mrs. L. H. O'Brien and daughters, Aloysie and Emma, were in Madisonville Monday shopping.

Mrs. Helen Miller, of Sebree, was here this week on business.

Dr. and Mrs. A. O. Sisk went to Madisonville Monday night to see Adelaide Thurston.

Mrs. T. B. Bowman, of this place, was in Madisonville shopping this week.

Miss Ellen Whalen was in Madisonville this week.

Mr. and Mrs. Ira Parrish, Geo. Kirkwood and Charlie Daves, of Madisonville, attended the dance at the armory Friday night.

CHEAPER FARM LAND.

SOUTHWEST OFFERS BEST OPPORTUNITIES FOR SECURING HOMES.

Many farmers in the Northern and Eastern states are selling their high priced lands and locating in the Southwest. Many who have been unable to own their homes in the older country are buying land in the new country.

Unusual opportunities exist along the lines of the Missouri Pacific-Iron Mountain Route. The rich alluvial delta lands and river bottom lands of Southeast Missouri, Eastern Arkansas, Louisiana and Texas, capable of producing 60 bushels of corn, a bale of cotton, 4 to 6 tons of alfalfa, 150 bushels of potatoes, and other grains, vegetables and hay crops, can be bought for \$7.50 to \$15.00 per acre.

When cleared and properly improved will rent for \$4.00 to \$6.00 per acre cash.

Uplands more rolling, lighter soil, adapted to fruit growing—peaches, pears, plums, grapes, berries—also melons, tomatoes and other vegetables, can be bought for \$5.00 to \$10.00 per acre in unimproved state. Many places with natural clearings and some improvements can be bought very cheap.

This is a fine stock country. No long winter feeding. Free range, pure water, mild climate. A healthy, growing country with a great future.

Write for map and descriptive literature on Missouri, Arkansas, Louisiana, Texas, Kansas or Indian Territory. Very cheap rates on first and third Tuesdays of each month. Address:

R. O. MATTHEWS, T. P. A., Louisville, Ky., or H. C. MATTHEWS & P. A. St. Louis, Mo.

Do you take THE BEE? If not, why not?

While the President and Congress are becoming almost inextricably tangled in their duties, the Secretary of State is pouring the oil of harmony on the troubled political waters of South American republics.

Chrysanthemums were grown in China before the eleventh century.

SHOUSE & BROS. EVANSVILLE, IND.

ESTABLISHED 1869

ALL MAIL ORDERS PROMPTLY FILLED

MEMBERS RETAIL MERCHANTS ASSN

Your Railway, Tractor or Boat Fare Free to Evansville, Ind. and Return

On a purchase made from us, to the amount of \$5 or over, your round trip fare will be rebated. EPISCOPAL CHURCH.—Services each Tuesday evening at the Library at 7:30. Rev. George C. Abitt, rector.

It pays to advertise in THE BEE.

\$500 IN GOLD

will be paid to the ones guessing the name of the first new Town, to be built on the line of the Madisonville, Hartford & Eastern Railroad.

The Best, Most Reasonable, Safe and Surest Proposition ever Presented to the People of Western Kentucky.

THE NEW TOWN

Is now platted with Wide Streets, Large Sized Lots, each running to a wide alley, and ample provisions for School and Church Sites, also for Manufacturing Plants, Elevators, Mills & Etc.

.... LOCATION

In Muhlenberg County, Kentucky, on the line of the M. H. & E. R. R., midway between Madisonville and Hartford about seventeen miles East of Madisonville and about twenty miles West of Hartford in the richest coal fields and farming lands in Western Kentucky, at the most ideal spot for a town possible. On high, dry and level ground, with perfect drainage and abundance of pure sparkling freestone water, which insures excellent health conditions. In fact, no one can look at the map of the new Railroad and draw any other conclusion than that this is the natural location for a large trade center. With its particular advantageous position it is sure to command the trade of more square miles of rich agricultural territory than is now penetrated by any railroad than any town in Kentucky of ten thousand inhabitants.

.... FUTURE

No town could have a brighter future than this new town located as it is on the most beautiful site at just the right spot to command the trade from all mines that will ever be located in this district, and of all the rich agricultural country extending from the railroad to the Pond and Green Rivers, comprising more square miles of trade territory than any town in this part of the state and having already assured the opening of three large coal mines that will employ six hundred or more miners within one mile of the town site. Also it has the assurance of the building of a large Flouring Mill and Elevator, the establishing of a Bank and many other enterprises.

The Meat of the Cocoanut

No Town can grow without Employment for labor and the trade of a large rich Agricultural Territory

THIS TOWN HAS BOTH.

Policy of the Management

will be to spare no expense, time or labor to make this town one of the best towns in Western Kentucky. Every effort will be made to secure manufactures, the building of Schools and Churches; even to donating free sites and paying of bonuses, but the management realizes, however, that they cannot accomplish their desires alone and in order to succeed must have the help, good will and influence of two or three hundred people to start with. In order to secure their united effort and help they will place on equal footing with themselves and will sell the first three hundred lots at just enough above cost to pay expenses and will not sell over four lots to any one person, thus insuring a Square Deal for all, feeling that if all start on an equal footing and each lot owner knowing that every building built and every enterprise secured means dollars in his own pocket. The management feels certain of the untiring effort of each and every one who secures a lot to make this first town on the new railroad one of the largest and best towns of this part of the state. Are we right? Will you be one of us; or will you be a knocker and let the other fellow beat you to a good thing.

"More fortunes are accumulated from the raise of Real Estate values than from all other causes combined; when you buy Real Estate you buy an inheritance."—ANDREW CARNEGIE.

"Your Real Estate purchase will make your old age comfortable."—RUSSELL SAGE.

What An Eastern Expert Says:

Muhlenberg's Future, One of Tremendous Prosperity, an Expert Says.

Greenville, Ky., March 23.—Special.—Vantyne Pritchard, a Pittsburg engineer and prospector, and an expert in mineral development all over the country, has just finished a study of Muhlenberg county's advantages. He believes the county has a truly remarkable future, and has written an article setting forth his conclusions. He thinks the coal supply is inexhaustible and of a high quality. He says further:

"In addition to its coal Muhlenberg county has deposits of fire and tile clays, iron ore and indications of pottery clay and kaolin, all of which will, in the course of time become valuable."

"A tremendous boom is ahead for Muhlenberg, and there is no reason why it should not become an industrial center surpassed by none within the State, and rivaling those on the other side of the Ohio."

One Really Good Investment Saves a Life Time of Labor.

Terms of Sale.

The first three hundred lots will be sold at twenty-five dollars each; five dollars cash and the balance in two equal deferred payments—ten dollars in thirty days and ten dollars in sixty days from date of sale, but no deferred payment will be extended later than July 1st, 1906, the date of the opening when the Grand Prize of Five Hundred Dollars in Gold will be given to the lot owners guessing the name of the new town. The distribution of this prize and location of lots will be left entirely to a committee selected by the lot owners who attend the opening. No one will be allowed to serve on the committee except lot owners. The management agrees to have all streets graded and all lots staked at their own expense by July the 1st, 1906.

ACT NOW, TO-DAY

Don't put it off until tomorrow, as it might be too late to secure one of these lots that is sure to make you money and perhaps a fortune. As many of them are business lots it is needless to tell you that they will be worth many times their present cost as soon as the town starts and in a few years they will bring a small fortune. As a great many orders for lots have already been received the management expects to place them all within thirty days, and after the first three hundred are sold there will not be a lot offered for less than One Hundred Dollars each, so don't lose this opportunity as it may never occur again—fortune knocks but once at each man's door. And to show our good faith will give twenty-five dollars for the most undesirable lot drawn on the opening.

MATTINGS

cotton warps, 20 cents, 25 cents, 27 1-2 cents, 30 and 35 cents. Mattings, China 12 1-2 cts., 15 cts., 20 cents and 25 cents.

ART SQUARES:

BRUSSELS 9X12, \$12.50 to \$20. VELVETS 9X12, \$20. to \$30. AXMINSTER 9X12, \$22.50 to 35.

WINDOW SHADES, ready made and made to order. LACE CURTAINS and PORTIERES.

We have added a drapery department and have a splendid line to select from. We can furnish you with made to order draperies on short notice.

MORTON AND HALL

Madisonville, Kentucky.

HECLA NEWS.

Messrs. Coggins and Briggs have moved their families to Earlington.

Mr. J. W. McChord and wife left for Nashville last Thursday. They expect to make Nashville their home and will rent their residence here.

Messrs. Gus and Park Cavenah have moved into the large dwelling owned by A. L. Foard.

Mrs. W. P. Jennings has been indisposed for the past week.

Wm. Burns has returned to Hecla. He is living in the house formerly occupied by Gus Cavenah.

Quite an epidemic of whooping cough prevails here.

Little Walter Greer is quite ill.

Ernest Jennings, of Treuton, Ill., is here on a visit. This is his first visit home in two years.

His many friends are delighted to have him once more in their midst.

Mr. I. R. Crockett will conduct the regular services at the Hecla church on Thursday evening at 7 o'clock.

Mr. Wyatt Poard continues to improve steadily. As soon as he recovers sufficient strength he will visit his old home in Christian county.

The old Hecla store building will be demolished this spring. The St. Bernard office will be moved into one of the smaller buildings near the tipples.

Locust to Return This Year.

This year, 1906, will be the period for the visitation of the seventeen year locusts. They were here the last time in 1880. They will not be so thick the coming year as in the year past. They depend on the tender twigs of trees for nesting places, the eggs being deposited in the soft twigs.

PROF. CHAPMAN.

Resigns and Prop. Rubens is made Principal of Madisonville School.

At a meeting of the Madisonville School Board last Thursday evening, Prof. G. W. Chapman tendered his resignation as Superintendent of the Madisonville Graded School's.

Prof. Chapman severed his connection with this school Tuesday and at a meeting of the board Tuesday evening, his resignation was formally accepted.

Prof. Chapman denies all rumors that have been circulated and, since no formal charges were preferred against him at a meeting of the School Board called for a hearing of such charges, he considered it a vindication and presented his resignation. His plans for the future are not yet known.

Prof. R. B. Rubens former Principal of the Madisonville Graded School has been appointed Superintendent.

The promotion of Prof. Rubens has necessitated other changes.

Prof. D. Utley who was assistant principal has been made principal. Mr. Crockett is assistant Principal and C. M. Lutz will teach in the normal department.

Mrs. Burns Dead.

Mrs. Mary Burns, of this place, passed away Tuesday night. She has been ill several months with cancer of the stomach and had suffered a great deal. Mrs. Burns was a consistent member of the Catholic Church at this place. She is survived by two brothers, Mike and Con Bohan. The funeral took place from the Catholic church at 9 o'clock this morning and Rev. Welch, of Hopkinsville, conducted the services.

The Senate passing the pension appropriation bill, voted \$140,000,000 in twenty minutes. Even a director's meeting of a life insurance company could do no better.

HAVE RIGHT OF WAY.

Rural Route Carriers Must Not be Stopped on Country Roads.

Rural route carriers are to have the same rights on public highways as fast mail trains have on railroads, according to a notice issued by the Postoffice Department. The rural route carriers have complained that they were frequently stopped by farm wagons and other vehicles on the country roads, or their progress checked so that they are not able to make their circuits in schedule time. These complaints have caused the Postoffice Department to issue a notice, which has been posted in all offices, to the effect that carriers are entitled to the right of way, and drivers of other vehicles failing to make way for the United States mail may be prosecuted.—Louisville Post.

Adamless Eden is Found by a Woman.

Mme. Isabelle Massien, the celebrated traveller and Knight of the Legion of Honor, has just returned from extensive journeying in Siam.

The reports that in that strange land there is a real Adamless Eden—a big town without a single man. This is the town of Nag Harman, where the royal family of Siam, of its female branch, resides. The town is surrounded by high walls and a deep moat, and no man but the king himself dares cross the only drawbridge. The last man who tried to enter suffered death from 900,000 pin pricks, for each of the 9,000 inhabitants is privileged to stick a pin one hundred times into the body of an intruder.

The town is administered like any other in the country, only that the judges, policemen, all officials, work people, even the soldiery are females. Nag Harman is celebrated far and wide for its beautiful gardens, flowers, fruits and vegetables.

Being naturally of a thrifty nature, John D. Rockefeller, Jr., deplores the "rowing of wild oats" at the present market price.

A woman's idea of heaven is a place where her hair will stay in curl and powder tugs are unknown.

EARLINGTON, KENTUCKY.

VARIOUS MUNICIPAL ELECTIONS

MOST INTERESTING WAS THAT HELD IN CHICAGO.

WHAT VOTE ACCOMPLISHED

The City May Acquire and Control Street Railways, But May Not Operate Them—Results At Other Points.

Chicago, April 4.—Under the result of the city election, Tuesday, in which the question of the municipal ownership of street railways was the vital issue, the city of Chicago can proceed to acquire and control the railways, but can not operate them.

At the same time the voters, while declaring that the city shall not proceed to operate the railways, declared that, as a question of public policy, it would be desirable for the city to do so.

Three propositions were submitted to the voters, the first of which was: "Shall the city of Chicago proceed to operate street railways?"

This proposition required 60 per cent. of the total vote cast in order to be effective. The total vote was 231,171. Of this number the proposition to proceed to the immediate operation of street railways secured but 120,811, which was 52.27 per cent. of the necessary three-fifths.

The second proposition involved the approval of an ordinance previously passed by the city council providing for the issue of street railway certificates in amount not to exceed \$75,000,000 for the purchase, ownership and maintenance of the street railways. This was carried by about 3,800 votes. The third question, which was simply on the question of public policy, and has no legal effect whatever, is, "Shall the city council proceed with all possible speed to secure the municipal ownership and operation of the street railways under the Mueller law, instead of granting franchises to private companies?"

This proposition was carried by about 3,600 votes.

Mayor Dunne continued the passage of the \$75,000,000 certificate and public policy propositions as a victory for municipal ownership, but expressed his disappointment over the defeat of the proposition for municipal operation.

Springfield, Ill., April 4.—Democrats made almost a clean sweep at the city election held here Tuesday, electing the mayor, supervisors and five of the six assistant supervisors, and six out of eight aldermen. The new city council will stand ten democrats to four republicans, but the mayor and supervisors will remain overwhelmingly republican.

Kansas City Shows Republicanism. Kansas City, Mo., April 4.—The republican city clerk, headed by Henry M. Beardsley for mayor, was elected Tuesday. Mr. Beardsley's majority over Robert L. Gregory, democrat, being estimated at 1,200.

The campaign was restriction of public service franchises, both platforms in favoring the principle of municipal ownership. The new republican mayor and large majority in each house of the municipal assembly.

A feature of the election was the meeting of the voting by Gov. Folk, who, in an automobile, visited nearly every polling place in the city.

In Kansas City, Mo., April 4.—The result of the six wards in Kansas City, Kas., having declared in Tuesday's election against Mayor W. W. Rose's policy of licensing liquor joints, the mayor sent his resignation to the city council. The resignation was unanimously accepted.

Mayor Rose, ever since his election on the democratic ticket, a year ago, has been at war with the Kansas state administration and the temperance people of his city over enforcement of the prohibition law.

St. Joseph, Mo., April 4.—William E. Spratt, democrat, was re-elected mayor by about 500 majority over W. A. Janssen, republican. Out of 36 precincts, 26 gave Spratt a majority of almost 500. Nearly all of the democratic ticket has been elected.

The labor union of the city took an active part in the election, a majority supporting Spratt. Only about one-half of the normal vote in an April election was cast.

Republicans Carry Milwaukee. Milwaukee, April 4.—Sherburne M. Becker, republican, was elected mayor of Milwaukee over Paul S. Henderson, democrat, who has, for the past eight years, been the city's executive head. Unofficial figures give Becker a plurality of 155.

Returns indicate the election of the balance of the republican ticket. Becker ran on a platform calling for a greater and better Milwaukee, a municipal electric light plant and more railroads.

The common council will have 19 republicans, a gain of five; 16 democrats, a loss of seven; and 11 social-democrats, a gain of two.

Hartford, Conn., Republican. Hartford, Conn., April 4.—Wm. P. Hennes, republican, was elected mayor by a majority of more than 2,000 votes. Mayor Hennes's total vote was 7,401, and that cast for William F. O'Neil, the democratic candidate, 5,340.

Criminal Court Sustained. Washington, April 4.—The court of appeals sustained the action of the criminal court in sustaining the return to the indictment charging John A. Benson with bribing two officials of the general land office to furnish him certain advance information.

LABOR LEADERS ALARMED

SUSPICIOUS OVER THE TREMENDOUS IMMIGRATION RUSH.

Twenty-Five Thousand Foreigners Arrived at Ellis Island Last Week.

Washington, April 3.—The arrival of 25,000 immigrants at Ellis Island last week has created alarm among labor leaders, particularly those in control of the mine workers. The charge has been made that many of the immigrants were being brought to this country in anticipation of a coal strike and that they will be used as strike breakers.

No evidence has been adduced to show that the coal operators or their agents had contracts with any of the immigrants. It is hinted, however, that "labor speculators" have paid their passage, given them the required entrance money of finding employment in the mines.

Instructions have been sent to Kansas City to ascertain the motives which prompted 127 Greeks to go to a single address there. There is a suspicion that they came under contract. Other inspectors have been sent to Indianapolis to learn the purposes of a large number of foreigners who had tickets to one address in that city.

Last Quarter Breaks the Record. Albany, N. Y., April 3.—During the last three months of 1906 there were 18,440 alien arrivals at New York, according to the quarterly bulletin of the department of labor just made public. This is an increase of 8,000 over the record-breaking figures of a year ago, the influx from Italy alone being larger by 20,000 than in the last quarter of 1904.

New York becomes the home of 62,413 of the newcomers, according to the bulletin, and the fact that 35,728, or one-fourth of the 140,000 immigrants over 14 years old, can neither read nor write is not reassuring.

MINERS ENTOMBED 20 DAYS

Searching Party in Courrières Mine, in France, Make Joyful Discovery.

Lens, France, March 31.—Thirteen miners who were entombed in the Courrières mine at the time of the great fire disaster there March 19 were taken alive from the mine early Friday by a searching party, which was engaged in exploring the mine.

The thirteen men, who had been off from the light and almost deprived of air. With one exception they were all well reached by the rescuers, although they could not have lived much longer. The rescue miners were taken from shaft No. 2. As the searching party was engaged in this shaft noises were heard. The explorers called out, and there were answers to their shouts. They began digging hurriedly in the direction from which the answers and sounds came, and out of the mine they were quickly brought back to the foot of the shaft and lifted to the ground above.

When they were shut off from escape by the explosion and fire which followed, the miners took refuge in a stable used for the mules employed in the mine. They had been in the stable for several days, the food and water which had been taken down to the mine with them was fast exhausted, and the men were eating wood and oak which were kept in the stable for the mules. Water was also found, and in this manner the miners managed to sustain their lives.

IS MOST THROUGH ANYHOW

Missouri Supreme Court Annals Receivership of the People's United States Bank.

St. Louis, March 31.—The supreme court in Jefferson City reversed the action of the St. Louis county circuit court in appointing Fred Esser receiver for the \$2,500,000 People's United States bank, of which E. C. Lewis is president.

An opinion defining the scope of the decision will not be handed down for several weeks. The decision means, lawyers say, the end of Esser's receivership, and replaces the affairs of the bank in the hands of the directors. It is believed that the directors will not continue the operation of a bank without obtaining a new charter and starting anew.

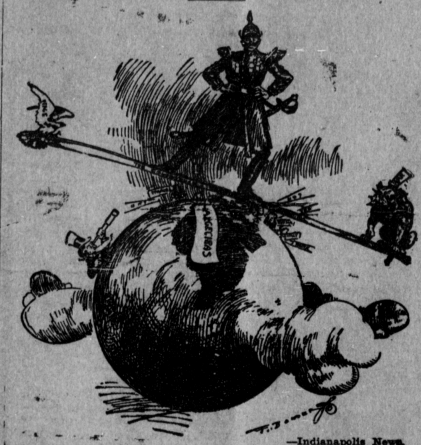

Receiver Esser, when told by a reporter that the supreme court had set aside the receivership, said: "Good. I'm glad of it. I'm about through with this bank anyhow. What do I mean? Merely that every debt has been paid, the depositors have got every dollar due them, and there's only outstanding \$35,000 and \$40,000 stock outstanding."

"We've made two payments on the stock, the first 50 cents on the dollar. The second 50 cents. We are paying out 85 cents on the dollar."

House Passes Legislative Bill. Washington, April 1.—The house passed the legislative, executive and judicial appropriation bill, carrying \$93,000,000 after similar purposes, by a measure two weeks. The feature of the day's proceedings was the elimination of the age limit of clerks, a provision which created much discussion, and which incited the fight against the bill. The bill, as passed, carries nearly \$700,000 less than the last appropriation bill after similar purposes.

The Public Debt Statement. Washington, April 3.—The statement of the public debt, issued Monday, shows that at the close of business March 31, 1906, the total debt, less cash in the treasury, amounted to \$99,623,438, which is a decrease for the month of \$5,894,117. This decrease is largely accounted for by the increase in the amount of cash on hand.

TEETER-TOTTER AT ALGECIRAS.

—Indianapolis News.

FISH'S FIGHT FOR ILLINOIS CENTRAL

WILL CONTROL THAT ROAD AND INVESTIGATE AFFAIRS OF MUTUAL LIFE.

Railroad Men Describe the Move as Throwing Down the Gauntlet to the "Big Three." John D. Rockefeller, H. H. Rogers and Harriman.

New York, April 4.—Shynguey Fish has scored again in his fight to retain the presidency of the Illinois Central railroad and also gain control and investigate the affairs of the Mutual Life Insurance Co.

It was officially announced Monday at the Illinois Central offices in this city that E. H. Harriman, the most bitter foe of Fish, and one of the "big three" in the battle to oust Fish, had been dropped from the chairmanship of the finance committee of the Illinois Central. Mr. Harriman was retained on the new committee which was elected to succeed the old finance committee, but he was not made its chairman, and thus was he shorn of much of his power in the board. Instead of Harriman, Walter Luitgen, of August Belmont & Co., was elected to the chairmanship, and Belmont is thus arrayed on the side of Fish in the railroad and insurance battle of which Fish has been the center.

Gauntlet to Rockefeller.

It was described by railroad men as throwing down the gauntlet to John D. Rockefeller, H. H. Rogers and E. H. Harriman, who had been referred to as the "big three" and who were believed with many lesser financial lights, to be joined in an effort to control the railroad and insurance situation in favor of the Standard Oil Co.

Public Receipts and Expenditures. Washington, April 3.—The monthly statement of the government receipts and expenditures shows that for the month of March, 1906, the total receipts were \$50,631,109, and the expenditures were \$48,769,668, leaving a surplus of \$1,861,500.

IMPORTANT EVENTS OF RECENT OCCURRENCE.

Anarchists, it is said, planned to kill the royal family of Spain at Seville during Holy week.

Gov. Jeff Davis carries Arkansas primaries for United States senator by 10,000 over Senator Berry.

Installation of Russian parliament in May offers hope to revolutionists of warring whole system.

Europe's balance of power is broken by the Moroccan incident.

Plan formed to secure \$100,000,000 from Carnegie for educational system in prospective state of Oklahoma.

Weather bureau at Washington issues warning that floods may be expected on Ohio and lower Mississippi.

Trade with Mexico last year aggregated \$20,000,000, a great increase in ten years.

Labor leaders are alarmed over the great influx of aliens. They believe that many are brought to this country to be used as strike breakers.

Inventor Edison is reported to have discovered that coal can be used as a metal similar to nickel, can be used for electrical storage batteries, thus greatly cheapening cost of automobiles.

Appropriation as agreed upon by house committee gives nearly hundred million to navy.

Senator Tillman has declared war on the court; review amendment to the railway rate bill.

Immigration arrivals are breaking all records.

Plotters are said to be at work in New York and Paris for a revolution in Venezuela, which is designed to annihilate President Castro.

Many operators in the bituminous coal fields are signing the scale of 1903, demanded by the miners, and the strike has lost much of its threatening aspect.

The government's notice for a new trial of individual packers on immunity pleas is denied.

Naval experts oppose Admiral Dewey's plea for largest battleship arsenal.

The interstate commerce commission has taken the preliminary step in the coal and oil investigation ordered by congress by calling upon the various railroad companies involved for certain information in regard to their several roads, stockholders, etc.

Gen. Luke Wright having been sworn in as ambassador to Japan, Henry C. Ide succeeds him as governor of the Philippines until September, when James N. Smith, of California, will be inaugurated.

HAILED WITH SATISFACTION

FRENCH PRES. AND PUBLIC ARE WELL PLEASED.

While France Did Not Secure All She Wanted at Algeciras, Her Degree of Success Is Considered Fair.

Paris, April 2.—The agreement at Algeciras is hailed with satisfaction by officials and by the public press, which is weary of the prolonged controversy and the disturbing possibilities of war. The view in official circles is that France secured a fair degree of success on the principal questions relating to the police and state bank. However, it is recognized that neither France nor Germany has secured all that was wanted. France's desire to have control of the police was partially realized in her being allowed to police the important Atlantic ports including Mogeador, which Germany was suspected as coveting, and also with her ally, Spain, to police Tanger and Casa Blanca.

On the other hand, it is thought that Germany's desire to internationalize Morocco was partly realized, as the Franco-Spanish police is subordinated to the inspector who will report to the diplomatic corps. Thus both countries, in a measure, were successful, but each is so safeguarded that neither will be able to claim a victory. France's pacific penetration of Morocco, it is thought, is remotely postponed, as it is likewise to the cream of the vast northwest African empire. Aside from the details of the great achievement, the officials consider that the agreement between France and Germany assures the preservation of the peace of Europe.

The Pittsburgh Bill.

Washington, March 30.—Senator Dillham has submitted the report of the committee on immigration on his bill amending the immigration laws. The changes made in the present law are numerous. The head tax on incoming aliens is increased from \$2 to \$5, and steamships are subject to fines of \$100 for bringing to the United States any person prevented from entering by reason of afflictions of mind or body. The present law provides for such fines only in the case of aliens afflicted with loathsome or contagious diseases.

OPERATORS FIGHTING BATTLES FOR CONSUMING PUBLIC.

Clarence F. Parker Says and Declares Illinois Coal Costs Too Much.

St. Louis, Mo., April 3.—Clarence F. Parker, president of the Madison Coal Company, and purchasing agent of the Illinois Central Railroad Company, was in the city yesterday.

"Behind the strike is the wage scale demanded by the miners, but this is only the cloak to cover the real point at issue," said Mr. Parker. "Illinois coal is costing the consumer far more than it should, and has been for some time, and no matter what the wage scale may be, you may be sure that the public and not the miner or operator will pay the freight. Furthermore, there is a concerted effort on the part of men who are the leaders of the miners to drive the machine out of the mine, which will have the effect of giving employment to a few more men, but will mean a great advance in the price of coal. The operators are really fighting the battle of the public, and have to contend with sympathy raised in that quarter by clever disguises of the real situation."

JAMES HOWARD GOES TO PENITENTIARY.

Receives Many Friends at Louisville Jail Before Going.

Louisville, Ky., April 3.—James Howard was taken from the Louisville jail to the Frankfort penitentiary this morning to serve a life sentence. He was convicted of the murder of William Goebel in the Franklin Circuit Court. He has been in jail for six years, and has carried his case through the Supreme Court, an adverse decision from which recently took away his last hope.

Sheriff R. C. Hieatt, of Franklin county, came to take Howard to Frankfort. There was a steady stream of callers at the jail yesterday afternoon and last night, and Howard was up until midnight receiving friends.

Mrs. Howard accompanied her husband to Frankfort, and will remain there for some time. She is unflinching in her efforts on his behalf, and her brave devotion to him has won her the deepest sympathy.

New Restaurant.

Ashby & Livingston, the popular grocermen of this place, have rented the stand where John Cook's barber shop was and have installed a first-class restaurant. The furniture and fixtures are new and up to date and a splendid cook has been secured and everything has been done to make this a desirable place to refresh the inner man. They also carry a nice line of cigars and tobaccos.

Holdeman to Be Colonel.

W. B. Holdeman, editor of the Louisville Times, will be elected Colonel of the First Kentucky Regiment to succeed Col. Bisco Hindman, resigned, according to Louisville papers. It is said that every officer in the regiment will endorse Mr. Holdeman.

MINING NOTES.

Rufe Gatlin, of Barnsley, was here Sunday visiting friends.

Pat Blair, of Mortons Gap, visited friends and relatives at this place Sunday.

Supt. Ernest Rash, of Victoria mines, spent Sunday in the city with friends and relatives.

Supt. F. B. Harris, of Mortons Gap, was in the city Sunday.

Juo. Harland, of Halsey, was in town Sunday visiting friends and relatives.

Thos. Young and family have moved to Evansville, Ind., to make their future home. Mr. Young has been employed at the coking plant of the St. Bernard Mining Co., for several years and friends here regret their removal.

The Kentucky Land Company is making preparations to begin the development of 7,000 acres of mineral lands owned by them in Morgan, Harlan, Knox and other mountain counties of Kentucky.

Barbourville, Ky., April 2.—New coal fields are being opened at Coalport, six miles from here, preliminary work having been started today. Dr. W. C. Black, of this city, and Solomon Shaffer, of Pennsylvania, are conducting the work. Machinery is being installed, and an opening has been started. A railroad extension of two miles already takes the property.

Jas. Austin, of Nortonville, is visiting relatives here this week.

The disaster at the Courrières coal mines in France, which occurred on March 10th, had a startling sequel Friday, when thirteen miners were taken out alive, after having endured unspeakable horrors during twenty days of entombment. The story of the survivors discloses that they lived for days on putrid horse meat, amid total darkness and in the stench from scores of decaying corpses. The presence of human flesh would speedily have forced the starving men to resort to the last desperate extremity if they had not been rescued. The rescued men showed the terrible effects of their experiences, being emaciated, exhausted and blinded. It was thought for awhile that fever and poisoning would result from their having eaten decayed horse flesh, but announcement has been made that they will all recover.

Barbourville, Ky., April 3.—As a result of the coal strike many of the large Southeastern Kentucky companies are receiving orders from outside their former markets. There is but one union mine in this county and only two in the entire Southeastern Kentucky district.

The family of Thomas Longstaff, of this city, left for Providence yesterday to reside in the future. They have been residents of this place for the past 34 years and the change in residence is made for the convenience of Mr. Longstaff, who holds the position of foreman of the Shamrock mine.

SECOND MAN ARRESTED FOR PROVIDENCE SAFE BLOWING.

Robt. Schmitt Captured at Henderson With Revolver and Razors.

Henderson Ky., April 3.—Robert Schmitt alias Tom Jones was arrested here tonight on the charge of blowing the L. & N. safe at Providence, Ky., about six weeks ago. He had a thirty-two caliber pistol and five razors on his person when arrested. He will be taken to jail at Dixon, Webster county, tomorrow.

CASTORIA.

The Kind You Have Always Bought Bears the Signature of

Dr. J. C. Hieatt

Woman's Trials.

The bitter trail in a woman's life is to be childless. Who can tell how hard the struggle may have been ere she learnt to resign herself to her lonely lot? The absence of this link to bind marital life together, the absence of this one pledge to mutual affection is a common disappointment. Many unfortunate couples become estranged thereby. Even if they do not drift apart, one may read the whole extent of their disappointment in the eyes of such a childless couple when they rest on the children of others. To them the largest family does not seem too numerous. In many cases of barrenness or childlessness, the obstacle to child-bearing is easily removed by the cure of weakness on the part of the woman. Dr. Pierce's Favorite Prescription has been the means of restoring health and fruitfulness to many a barren woman, to the great joy of the household. In other, but rare cases, the obstruction to the bearing of children has been found to be of a surgical character, but easily removable by painless operative treatment at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., over which Dr. Pierce of the "Favorite Prescription" fame presides. In all cases where children are desired and are absent, our medicine should be made to find out the real cause, since it is generally so easily removed by proper treatment.

In all the various weaknesses, displacements, prostrations, inflammations, debilitating, catarrhal drains and in all cases of nervousness and debility, Dr. Pierce's Favorite Prescription is the most efficient remedy that can possibly be used. It has to its credit hundreds of thousands of cures—more in fact than any other remedy put up for sale through druggists, especially for woman's use. The ingredients of which the "Favorite Prescription" is composed have received the most positive endorsement from the leading medical writers on Modern Medicine of all the several schools of practice. All the ingredients are printed in plain English on the wrapper enclosing the bottle, so that any woman making use of this famous medicine may know exactly what she is taking. Dr. Pierce takes his patients into his full confidence, which he can afford to do as the formula after which the "Favorite Prescription" is made will bear the most careful examination.

Dr. Pierce's Pleasant Pellets are the best and safest laxative for women.

New York Gas Company officials shed tears when they received their reduced dividend. Who can say after this, that corporations have no feelings?

There is a characteristic Spanish dances done by the dainty dancing girl in "A Royal Slave", which comes to the Temple Theatre, April 12th which will doubtless cause a sensation. Impetuous, graceful, full of the fire and spirit of the role, which she plays, the dancer abandons herself to the rhythmic movements and sensuous appeals of music. Often she concludes her dance with a dance with a kick so violent that her dainty slipper is hurled clear across the theatre. Despite the fact that she has a daintily small foot, the slipper can readily be seen, and there is always a scramble among the boys to obtain it, a sight not on the regular programme, but highly amusing, nevertheless. Prices \$1.60 to 50c, 25c.

COLORED COLUMN

EDITED BY JAMES E. TODD.

Our sick are Mrs. C. F. Bailey, Lee Kirby, Mollie Graham, Mrs. Wm. Johnson, Lena Johnson, Rev. H. A. Keeton, Matthew Gholston, Fate Wilkes, Terry Riley, Bessie Amos, Scott Davis and Mrs. Robert Foster.

At the B. Y. P. U. every Sunday evening at 5 o'clock an interesting program is rendered at the Mt. Zion Baptist church for the benefit of all.

The Earlinton Cornet Band is making sample preparations to serve the public on all occasions when called upon. We should give them our hearty support and appreciate their untiring zeal to keep a band in our little city. Call at their rehearsals and hear them at their band room.

Mr. Wm. Bailey came home from Louisville, where he has been attending school for quite awhile, to the bedside of his sick mother. His many friends are proud of him and expect much of him in the future. Young men, prepare yourselves for further usefulness.

Mrs. Queen Shelton and Mrs. L. C. Harding are in Princeton, Ky., this week attending the closing exercises of Prof. W. R. Harding's school.

Mrs. Blanche Shelton, of Oak Hill, visited her sick sister, Mrs. Bogus, last week.

There will be an entertainment given by the C. M. E. church Saturday night, April 14. Several from Madisonville will take part in the program. The public in general are especially invited. Mrs. S. R. Driver is president.

Mrs. Ada Jones made her sister and friends a visit from Madisonville Tuesday.

Mr. Dock Halsey, after having visited his many friends here, has returned to his home at Danville, Ill., leaving his better half to enjoy a longer visit with her many friends here. Mr. Halsey is a thorough-going, practical man of his word, and has been successful in his new home.

Miss Johanne Wilson and little Jewell Shelton spent Sunday with Mr. and Mrs. Edgar Davis.

The Mt. Zion Baptist church's anniversary was not kept Sunday nor was the opening, but the above will be Sunday, April 8. Meeting

was held at the White Masonic Hall all day. Rev. J. R. Robinson preached an excellent sermon Sunday morning and Rev. R. T. Toller preached at night.

Rev. E. M. Smith preached a soul stirring sermon Sunday night and it has been repeated many times since.

The Baptists have been very busy in decorating their church, which will be ready to receive its congregation at 11 o'clock Sunday, April 8. Come one, come all, and celebrate our anniversary and reopening.

Prof. T. H. Moore was called home Tuesday to court. Mrs. Ella B. Osborne, our extra teacher, is filling the places of both Prof. Harding and Prof. Moore while they are absent.

The Knickerbocker Band, the old reliable, will give its last interesting program for the season, and we ask one and all to help us, as you have always done before. Among the many interesting features will be the following program rendered:

Recitation—Miss Inez Bailey.
Recitation—Mrs. Mary Hawkins.
Solo—Miss Lucy Phelps.
Recitation—Miss Marie Childress.
Recitation—Miss Ora Lee Nurse.
Solo—Miss Lizzie Osborne.
Recitation—Miss Delilah Gill.
Solo—Mr. Henry Ray.
Recitation—Mrs. B. E. Childress.
Quartet—O. P. R. A.
Refreshments will be served. We assure you a pleasant time. Music by the Earlinton Band. Admission, under 12 years old 5 cents; adults, 10 cents.

W. M. HINES, captain.

Rally! Rally! Rally!

Where? At the A. M. E. Zion church. When? This coming Sunday (April 8th). The members and friends will please come prepared to pay one dollar. At 11 a. m. Rev. Caldwell, of Morton's Gap, will preach for us. He promises to bring his people with him. At 3 p. m. Revs. Keeton, Jones, Ross and their people will be present. As night each captain will come before the public and take his collection after which the reports will be made.

Come one and all help us. E. M. SMITH, pastor.

MORTON'S GAP NEWS—COLORED.

Rev. Pentress, of Knottwa, preached at the Baptist church Sunday morning and night. James Hall is ill this week.

Wm. Hamilton, of Madisonville, paid a short visit to his parents Sunday.

Willis Nance was up Friday on business from Madisonville.

Out of the Mouths of Millionaires.

Andrew Carnegie has given warning of the danger of disgrace to the man who dies wealthy. N. O. Nelson, a Chicago millionaire, falls against the lot of the man who lives in wealth Mr. Nelson still runs his business in his own name, but distributes the dividends among his employees. The average man is perverse enough to welcome a tip from a millionaire how to make money and to reject his advice to cultivate the virtue of poverty. What the rich man holds up as his own horrible example has more weight with the multitude than his loftiest precepts. Right or wrong, it sticks to the old counsel that the physician shall first heal himself.

The Bee now has a nice line of DeWitt's paper napkins, doilies, table cloths, crepe paper of all shades, dinner sets and paper ice cups. Call and see these beautiful designs. They are just the thing you need when serving refreshments. Prices reasonable.

Those have a short lent who owe money to be paid at Easter.

NATURE'S TONIC

Better than drugging the system—better than artificial tonics—more effective in cleansing the system and toning up the nerves—in ten days or two weeks among the picturesque highlands of Southern Indiana, at these wonderful and rapidly becoming famous

FRENCH LICK
AND
WEST BADEN SPRINGS
ON THE

Monon Route

and is MUCH CHEAPER. There are several different springs having different curative properties. For Stomach, Liver, Kidney and Bowel troubles and their attendant nervous affections, these waters have produced wonderful results. They allay gastric irritation, render soluble in the body substances that are harmful, and thus free the body of them. Their action on the kidneys and bowels, as well as on the skin, corrects the acidities due to various kinds of fermentation in the body. An excellent adjunct to these waters is the good air and the opportunity for exercise in the open.

HOTEL RATES range from \$8 up to \$35 per week, including free use of the waters.

Booklet telling all about the waters and giving list of hotels and boarding houses, with their rates, sent free.

ALL signs of spring are welcome but none more so to the feminine minds of Evansville and vicinity than the announcement of our

COMPLETE READINESS.

This exposition of styles will be far superior to any showing we ever made. The styles this season are so elaborate, so extensive and so varied that the most extraordinary results have been attained.

This is a personal invitation to you and your friends to be our guests and make our store YOUR HOME when in Evansville.

This store is in speaking distance. When in need of any garment call us by Long Distance Phone 898. If your order amounts to five dollars or more we pay the toll charges.

LOCOMOTIVE BLASTS

Every Engineer Has His Own Whistle.
(Washington Star.)

"There is not an engineer on this road that I can't recognize by the sound of the whistle of his engine," remarked a locomotive fireman. "Each man has a distinctive blast which is as plain as spoken language to his fellow employees and is frequently familiar to the members of his family."

"Often the home people of the engineers are as skilled in detecting particular whistle sounds as are the railroad men themselves. It is a frequent occurrence to see an engineer's wife, with perhaps two or three little children by her side, leaning out of a window in sight of the railroad waiting in pleasing expectancy to wave a greeting to the man in the cab, having been made acquainted with the fact of his approach by means only of the sound of the whistle."

"Nearly every engineer who is accustomed to handle any one locomotive gives more or less special care to the whistle. In many instances the men personally own these sound-making devices and keep them throughout services covering several years and involving numerous transfers from one engine to another. A man is disposed to become attached to his whistle, regarding it as a sort of personal adjunct. He blows it and blows it until he comes to play on it, sounding the varying range of his feelings in the cadences of

the blast. In this way the whistle assumes the dignity of a crude index to character and disposition."

"Many of the differences among whistles are obvious to people in general. The chime whistle, for instance, is familiar to many. Uniting several sounds, its musical blast is a favorite among engineers. This type is specially used for variety."

It is stated on presumably good authority that construction work will begin on the Bowling Green and Western railroad between Bowling Green and Morgantown within ten days. From Morgantown two roads have been surveyed to touch the Illinois Central and it is not yet known which route will be selected. The proposed road will pass through one of the richest mineral and timber fields in the state. Col. B. F. Proctor, of Bowling Green, is the president of the new road.

Conductor McDowell has been assigned to the north end coal run made vacant by Mr. Bailey severing his connection with the company.

Operator Jas. Sanders and wife returned Thursday night from an extended visit to relatives in Cincinnati, O.

A night train order office was established at Robards Thursday night. This is done on account of the heavy traffic on the Henderson division at the present time.

Conductor Eugene Carnel, who has been in the chain gang service for several weeks, is again on the south end coal train.

Conductor Jno. Martin, after being on the north end coal train for the past week, is transferred to chain gang service.

Conductor Jno. Longstaff, of Greenbrier, was here Friday visiting friends and relatives.

Brakeman Joseph Hale has resigned.

Yardmaster Joe Fortner, of Hopkinsville, was here Sunday on business.

Conductor Ed. Heaffer, of Hopkinsville, was here Sunday.

Engineer Fleming, of Hopkinsville, was down Sunday with switch engine 409 having the boiler washed out.

Andy Corbett, formerly employed as conductor on the Henderson division, was here Sunday visiting friends.

Conductor Harry Bramwell, of the Evansville-Providence train, was off on a several days vacation last week.

Conductor Ed. Beal was in charge of the Providence train during the absence of Harry Bramwell last week.

Is the Moon Inhabited.

Science has proven that the moon has an atmosphere, which makes life in some form possible on that satellite, but not for human beings, who have a hard enough time on this earth of ours; especially those who don't know that Electric Bitters cure Headache, Biliousness, Malaria, Chills and Fever, Jaundice, Dyspepsia, Dizziness, Torpid Liver, Kidney complaints, General Debility and Female weaknesses. Unequaled as a general Tonic and Appetizer for weak persons and especially for the aged. It induces sound sleep. Fully guaranteed by St. Bernard Drug Store. Price only 50c.

Germanes are going to build war airplanes. Submarine will not be of much use against them.

Mental Attitude.

It is astonishing what power there is to bring about the end we long for in holding it persistently and vigorously in the mind. Keeping the faith that we can some time do the thing which we cannot now see any possible way of accomplishing, just holding steadily the mental attitude, the belief that we will accomplish it, that somehow, some way, it will come to us, gets the mind into such a creative condition that it becomes a magnet to draw the thing desired.

There is a great cumulative, magnetic effect in holding in your mind continually the suggestion that you are made for success, for health, for happiness, for usefulness, and that nothing in the world but yourself can keep you from it.—Success.

Gen. Wood first said that the killing of the Moro women and children was "unavoidable" now he says it is untrue. Does the President think this latest explanation is also "of course entirely satisfactory?" or which does he like best, anyway?

What good does it do you to eat if your stomach fails to digest the food? Nons. It does you harm—causes belching, sour stomach, flatulence, etc. When the stomach fails a little Kodol Dyspepsia Cure after each meal will digest what you eat and make the stomach sweet.

For sale by Jno. X. Taylor.

Addicks has been almost erased from the map of Delaware. So there is some hope for Delaware.

Notwithstanding the startling exposures of the insurance investigations it is far from certain that the N. Y. legislature will afford a remedy of effective legislation. A persistent lobby is working against legislative reform.

A Lucky Postmistress.

is Mrs. Alexander, of Cary, Me., who has found Dr. King's New Life Pills to be the best remedy she ever tried for keeping the Stomach, Liver and Bowels in perfect order. You'll agree with her if you try these painless purifiers that infuse new life. Guaranteed by St. Bernard Drug Store. Price 25c.

The "elections" in Russia appear to be as great farces as the elections were in the South under the "cotton-bag" regime.

If you want Fresh Groceries we have Them. Give us your order. See our line of Queensware and Glassware.

MORACE A. BEARD & CO.

Royal Baking Powder

Absolutely Pure

Made from Pure Grape Cream of Tartar

In-baking powder Royal is the standard, the powder of highest reputation; found by the United States Government tests of greatest strength and purity.

It renders the food more healthful and palatable and is most economical in practical use.

Housekeepers are sometimes importuned to buy alum powders because they are "cheap." Yet some of the cheapest made powders are sold to consumers at the highest price.

Housekeepers should stop and think. Is it not better to buy the Royal and take no chances—the powder whose goodness and honesty are never questioned?

Is it economy to spoil your digestion by an alum-phosphate or other adulterated powder to save a few pennies?

ROYAL BAKING POWDER CO., NEW YORK

School Children "Strikes."

Nearly 600 school children in Chicago "struck" recently because a nonunion teamster delivered coal at the school building. What can you expect of their elders when this sort of thing is encouraged among the children? Once you would expect an application of the slipper. The school master should have his roll again.

Devil's Island Torture

Is no worse than the terrible case of Piles that afflicted me ten years. Then I was advised to apply Buckle's Eucalypti Salve, and less than a box permanently cured me, writes L. L. Napier, of Hughes, Ky. Heals all Wounds, Burns and Sores like magic. 25c at St. Bernard Drug Store.

Bishop Potter's Views.

Bishop Potter condemns the Y. M. C. A., of Pittsburg, for excluding actors from its membership. "I have seldom seen such narrowness," says the bishop. "There is good and there is bad on the stage, as there is in law, in medicine and professional life. Character is not grouped according to professions or callings." The bishop is right.—Utica Press.

Living indoors so much during the winter months creates a sort of a stuffy, want-of-ozone condition in the blood and system generally. Clean up and get ready for spring. Take a few Early Risers. These famous little pills cleanse the liver, stomach and bowels and give the blood a chance to purify itself. They relieve headache, sallow complexion, etc.

Sold by Jno. X. Taylor.

By this time the Czar is so used to it, that a treat of Witte's resignation does not scare him to death.

WE PROVE THAT SPECIFIC BLOOD POISONING IS CURED TO STAY CURED BY

FOERG'S REMEDY

Imagine the extreme gratitude of a man to induce him to permit the publication of such a testimonial as the following:

I, Henry Milan, of Evansville, Ind., formerly of Eddyville, Ky., state that I was cured of a very bad case of Blood Poison of three months standing by the use of Foerg's Remedy in the year 1896 or 1897, only having taken 4 bottles. I further state that I am now well and have never been troubled with return of that disease. This Remedy cured me sound and well, and I recommend it to anyone suffering with that.

(Signed) HENRY MILAN

With the above information before you if you go on suffering from the curse of tainted blood, either primary, constitutional or as a result of mercurial treatment, don't rail at fate, but simply blame yourself, for here is a cure—absolute and sure. Tainted blood manifests itself in the form of Scrofula, Eczema, Rheumatic Pains, Stiff or Swollen Joints, Eruptions or Copper-colored Spots on the Face or Body, Little Ulcers in the mouth or on the Tongue, Sore Throat, Swollen Tonsils, Falling out of the Hair or Eyebrows, and finally a Leprous-Like Decay of the Flesh and Bones. If you have any one of these symptoms don't delay till too late, but go to your druggist and get a bottle of

FOERG'S REMEDY THE GREAT BLOOD PURIFIER ALL DRUGGISTS GUARANTEE IT

Don't delay, but go to your druggist and get a bottle. If your druggist does not handle this remedy send us \$1.00 for one bottle or \$5.00 for six bottles, with our absolute guarantee or money refunded by druggist or this company in full. All packages sent in plain wrappers. All correspondence strictly confidential.

Horses to Have Sunday Off.

News from Buckhannon, Hungary, states that the Society for the Prevention of Cruelty to Animals has taken a very important step in the interest of horses. The members of the society, believing that a Sunday off would be good for horses as well as for men, exerted itself to this end. It has secured the passing of a law providing Sunday rest for horses and other domestic animals.

Don't Put Off.

For tomorrow what you can do today. If you put off buying a bottle of Ballard's Snow Liniment, when that pain comes you won't have any, buy a bottle today. A positive cure for Rheumatism, Burns, Cuts, Sprains, Contracted Muscles, etc. I. S. Graham, Frairie Grove, Ark., writes: "I wish to thank you for the good results I received from Snow Liniment. It positively cured me of Rheumatism after others had failed. Sold by St. Bernard Drug Store."

There are in America to-day more than two hundred fraternal beneficial orders, with a combined membership of over five million, who are protected to the extent of about seven billion, five hundred million dollars, and have distributed benefits to disabled members amounting to more than eight hundred and twenty-five million dollars.

The Richest Man in the World.

The richest man in the world can not have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sight of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebanon, Ky., writes: "I have seen Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have caused me my life." John X. Taylor.

There will be 25,000 John Smiths in the next Chicago city directory. The striking printers voted the other day to compel every labor union member in the city to give his name as John Smith. The women in their families must also observe the order. This action was taken to make the directory, which is gotten out by a non-union firm, valueless.

If you ever bought a box of Witch Hazel Salve that failed to give satisfaction the chances are it did not have the name "E. C. DeWitt & Co." printed on the wrapper and pressed in the box. The original Dr. DeWitt's Witch Hazel Salve never failed to give satisfaction for burns, sores, boils, tetters, cracked hands, etc. For blind, bleeding, itching and protruding piles it affords almost immediate relief. It stops the pain.

Sold by Jno. X. Taylor.

The English, Irish and Scotch shipyards last year built a tonnage of new ships of 1,744, 402 tons, or double the entire American ocean tonnage.

Deafness Cannot Be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this is inflamed, you have a rumbling sound or imperfect hearing and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give one Hundred Dollars for any case of Deafness that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pill for constipation.

In the latter part of the eighteenth century breeches were worn skin tight. A gentleman ordering a pair is said to have told his tailor—"If I can't get into them I won't pay for them."

Sharp as a razor are the epigrams in the Epigram, and if you are sharp you will send for sample copy now. The Epigram is devoted to the short and pithy points of life.

THE EPIGRAM, Evansville, Ind.

In the seventeenth century button holes were a matter of ornament more than of use, they were carefully cut, and "laid around" with gay colors, embroidered with silver and gold thread, bound with kid and velvet.

Don't drug the stomach to cure a cough. One Minute Cough Cure cuts the mucus, draws the inflammation out of the throat, lungs and bronchial tubes, heals, soothes and cures. A quick cure for croup and whooping cough. Its constantly increasing use for many years tells of the fact of its absolute usefulness.

GOOD THINGS AT BISHOP'S

Economical buyers will find that our store is the place where they can buy Spring Clothing, Hats, Shoes and other goods at prices that will save them money on every purchase.

There are many new designs out this spring in Men's and Boys' Clothing and we have them all. During the past year we almost denuded our house of its stock of Clothing, and we have bought an enormous quantity of new goods this spring, exercising great care not to buy anything except what was up to date as to style and quality. We cordially invite you to call and inspect these goods.

In Ladies' Dress Goods there was never a richer display of materials with which to create spring costumes, and we never had a finer assortment to select from. It will be a mistake not to inspect our stock of Dress Goods before you purchase.

SHOES.

For years we have held the reputation of carrying the best lines of Shoes that are held in the county, and we are determined to maintain our reputation by selling what the public acknowledge to be the best. Our Shoes fit well, wear well, and they maintain their shapes better than other Shoes, hence they give better satisfaction. We offer you great inducements in other lines of goods. Come in and see us. We are always glad to see you. Your money back if you want it.

Indispensability.

"No," said a lecturer, "it doesn't do to get swelled head and think you're indispensable to the welfare of this world."

"I was in the lobby of a big hotel in Cincinnati when a bus load of traveling salesmen came from the station. Every man of them as he signed the register passed to shake hands with the hotel clerk, a fatherly old fellow who had been there many years."

"Ah," said one of them to the clerk, "it's a good thing you're still on deck, uncle Dave. I don't think the house could run without you."

"Couldn't it, just?" said Uncle Dave. "You fellows would come in here, and if there was a strange clerk, you'd say: 'Where's Uncle Dave?'"

"And the clerk would say: 'Why didn't you hear? He died a month ago.'"

"And then you'd say: 'Well, I'll be darned! That's too bad. Say, when'll dinner be ready?'"

Dining under every sinister omen, the Thirteen Club of the University of Virginia, seems to have overlooked a cross-eyed, red-haired, Afro-American waiter.

Pulling Teeth Said to be Remedy for Many Ills.

New York.—The board of education is said to be considering the advisability of establishing in this city, with aid of the legislature, a free dentistry for school children where they must submit to examination and treatment of their teeth filled.

The board gets the idea from Germany, where the city of Strassburg is conducting a school of dentistry on an experimental scale. Out of 12,691 pupils who were taken to the Strassburg dentistry 7,065 had their teeth filled and 7,985 had teeth extracted.

Out of 2,300 children in Strassburg between three and six years old only 362 were found to have sound teeth. Of 2,103 pupils between six and eight years only 160 had sound teeth.

Headache, earache, and stomach ache as well as toothache, are said to have almost vanished from the Strassburg schools since the free compulsory dentistry was established.

Eight slots were freed at the President of Columbia the other day, but as the party with the gun was half-shot, no damage was done.

SALTON DESERT TALES.

The Formerly Saline and Barren Region Was Not Unproductive of Yarns.

"Wild and wonderful are the stories which have come out of the great Salton desert in California," writes Edgar F. Howe in *Tell-Tale World Magazine*.

"It was there, on the lower Colorado river, that Capt. Smith found the lame turtle, and so won its gratitude by healing it that it returned in later years and offered its services as an animated ferry when the captain was on an island threatened with a rising flood."

"On yonder mesa, sloping upward from Volcano Springs, is the 'invisible city,' where the clangor of street car bells and all the hubbub of a metropolis can be heard, but where only the gravelly soil, the dreary mountains, and the scant, dwarfed vegetation can be seen."

"Near Superstition mountains is the spring of natural gin, where the coyote, the gray wolf, the fox and the wild fowl are on perpetual debauch; and near by is the hill from which flows natural ink. In the same vicinity is the mine of crystals which make perfect pens, and the deposit of asbestos where one can tear off sheets of blotting paper ready made."

"It was in the Superstition mountains that Otto Schmidt found the invisible serpents with glass cups on their tails that revolved and produced beautiful music. It was in this desert, too, that an ingenious Yankee found a group of camels, abandoned in early days by the army, in, by supplying the water from their sacks, was able to irrigate a farm, while the animals piled back and forth between the river and the farm, ever keeping up the water supply."

"Now the grim valley, rendered wonderfully fertile by irrigation, is the home of 4,000 thriving people. Recently the Colorado river, breaking through its old bounds, began again to run into the valley, which it formerly occupied, but now great steel and concrete dams are being built and by May 1 the river will be forever shut out, except as it is needed for irrigation purposes."

Hydrophobia in Europe. Hydrophobia, which has practically been stamped out in England, still flourishes in most continental countries. Germany tops the list with an annual average of 2,585 dogs and cats destroyed for this reason, while the figures of France are 2,253. In Belgium, Switzerland and Holland cases of hydrophobia are rare, the total for all three countries combined being under 50.

If you would discover a woman's weakness, all you have to do is keep quiet and listen.

Mr. Ewing Young, Stoneport, Ill., Cured by Zemo After Six Years' Torment and Humiliation

ZEMO
POSITIVELY
CURES
ANY FORM
OF SKIN
OR SCALP
DISEASE

READ
MR. YOUNG'S
LETTER

E. W. ROSE MEDICINE CO., St. Louis, Mo. STONEPORT, ILL., April 3, 1905.
Dear Sir:—It is a source of pleasure for me to permit you to use my picture before and after cured by "ZEMO," and to tell what "ZEMO" did for me. I doctored this case of (Acne) pimples for six years and spent several hundred dollars with physicians and specialists. The more salves and creams I used, the worse my face became. Mr. Ira Blackman recommended "ZEMO." Eight bottles entirely cured me, and I honestly believe "ZEMO" is the best remedy in the world for any skin disease.
Yours very truly,
Ewing Young

Hints to the Cook.

A currycomb makes an excellent fish scraper.

The oftener soup is strained the cleaner it becomes. An old napkin serves very well for a strainer.

In order to have potatoes always white, the kettle in which they are cooked should never be used for any other purpose.

A tablespoonful of sugar added to the water for boiling roast beef will give a rich brown color as well as a fine flavor.

Eggs covered with boiling water and allowed to stand five minutes are more nutritious and digestible than when boiled rapidly for three minutes.

In flavin cake do not use lemon juice if light cake is desired since the acid sets free the carbon dioxide before baking.

The waxed lining paper to cracker boxes is excellent to wrap lunches in. It is very good to clean flat irons with also.

To prevent tomato soup from curdling add the tomatoes before the milk is put into it and remember to strain the tomato juice before turning it over the flour and butter.

A soft varnish brush with a string or wire through the handle to hang it by is a desirable utensil in every

pantry to be used for brushing bread, rolls and pastry with melted butter.

In a fruit pie always mix a tablespoon full of flour thoroughly with the sugar—both dry. If butter is to be used spread it on the lower crust before putting in the fruit and it will be evenly distributed through the pie.

New York's legislature refuses to ask Platt and Depew to resign their seats in the Senate, probably feeling that it would be of no use any way.

If Speaker Cannon kills the statehood bill, he can't expect to have any Oklahoma towns or postoffices named after him.

The report of the court-martial on the collision of the battleships, has been delayed so long that the "whitewash" must be peeling off in spots.

David S. Rose has been nominated for his fifth term as Mayor of Milwaukee, and yet he was not what "made Milwaukee famous."

☆ JOB WORK ☆

Will receive prompt attention at this office. Estimates furnished upon application.

LARGE CHUNKS OF COPPER

Remarkable Discoveries of Great Masses of Rich Ore Recently Made.

An enormous mass of pure native copper is being uncovered at a mine in Ontonagon county. The big chunk lies in the tenth level at a point about 1,000 feet from one of the principal shafts. Several large pieces have already been cut from it, and these, with the remainder of the mass so exposed, weigh fully 20 tons.

How much more there is of the big chunk is a matter of conjecture, says the St. Paul Dispatch, but from all indications the aggregate weight of the mass will be found to run 50 or even more tons. Masses of copper are encountered so regularly that one of several tons excites no comment. It is only when one of unusual size is located that it is deemed worthy of notice.

Large as this mass will doubtless prove, however, it will be a pigmy compared with the famous mass found in the Michigan, then known as the Minnesota, in 1865. This was 12½ by 18½ by 45 feet in size and weighed 527 tons. It required 20 men working 15 months with long-handled chisels to cut this mass into pieces small enough for hoisting, and 27 tons of copper chips were made in doing this work.

Countless small masses, some of which, however, weighed several hundred tons, were taken from this mine, and there is no question that it deserves the title of the richest copper mine ever opened. The Calumet and Hecla is a far more valuable mine, but no other mine opened has ever yielded such enormous quantities of copper from such small openings as were furnished by the best slopes of the old Minnesota. It is interesting to note that the Minnesota mine was discovered in 1847, through finding an Indian pit in which was a six ton mass of native copper that had been broken from its matrix of rock and raised on skids.

The skids had rotted centuries before and on the soil that covered the nugget grew a hemlock tree showing nearly 100 rings of annual growth. The old company suspended operations in 1879—why, has never been satisfactorily explained—and since its reorganization in Detroit in 1899 the present company, operating under the title of the Michigan, has been engaged in developing the mine anew.

The biggest mass of copper ever discovered in the world was a six-ton chunk found in the old Phoenix mine in Keweenaw county, the Minnesota mass ranking second. The Phoenix mass, with copper at the time selling at 20 cents per pound, was worth about \$320,000, yet it is chronicled that so inefficient were the people in control of the property that little, if any, profit was made from the magnificent find.

\$3.50

\$3.00 & \$2.50

EASTER SHOES

VERY woman of taste desires to be well gowned upon Easter above all days of the year. And to every such woman correct well-fitting shoes are not less essential than a becoming bonnet or faultless gloves. No shoe in the world is so popular as the "Queen Quality" with women of recognized taste in matters of dress. The stamp "Queen Quality" carries with it the assurance of correct fashion and fine fit.

And it goes further. Now that the cost of leather and other materials is so sharply advancing, most manufacturers are cheapening their shoes to offset it. The "Queen Quality" trademark is the most valuable thing in the women's shoe world. The makers simply can't afford to risk it by lowering their standard. Therefore, more than ever, it is your safeguard and guarantee of quality.

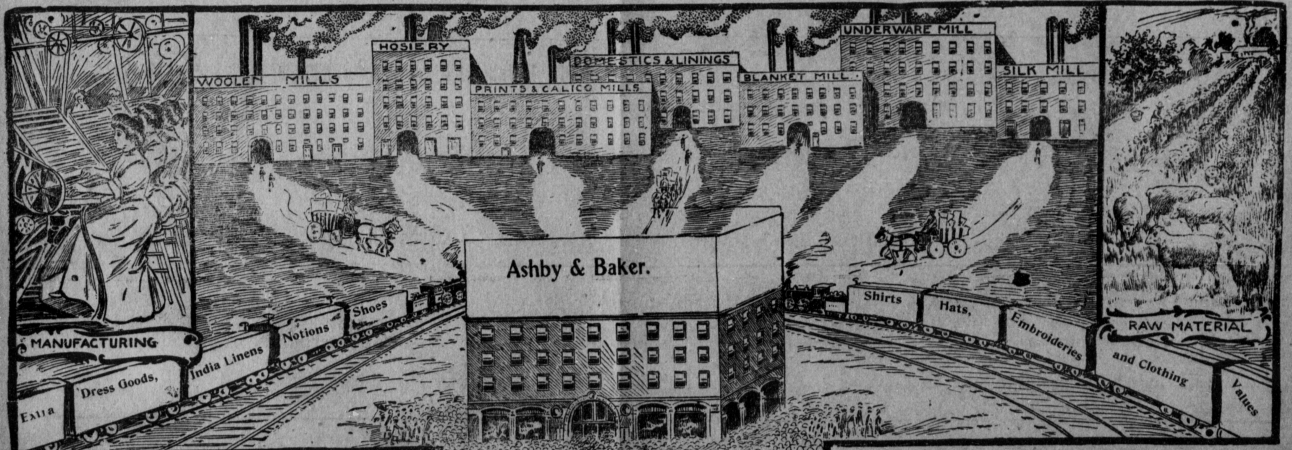

You should see our Easter display. The new styles are as beautiful as they are varied. Patent Leathers still hold first place for dressy wear, though the soft, reliable Kid is again fast growing in favor. Wide Ribbon Ties predominate in the Oxfords. Pumps will be in great demand.

Dulin & McLeod,

MADISONVILLE GREATEST STORE.

ASHBY & BAKER'S

Great Loom End And Bargain Sale.

Begins Saturday April 7th and Continues Until Saturday April 21st.

When we advertise a Loom End Sale or bargain sale it means something to the purchasing public. We find it pays to treat the people right—to give them the greatest values for their money. You cannot afford to miss this sale.

GOOD for OLD and YOUNG

August Flower keeps the children healthy and strong. Full of vigor and frolic the whole day long. So when mamma needs more they rush off to high play.

And about the drug! "Please give it to me!"

Inability to get up brisk and fresh in the morning, lack of appetite, pallor, muddy complexion and poor spirits—these all indicate a disordered stomach and indigestion—in adults and children, too. They also indicate the urgent need of taking Green's August Flower regularly for a few days.

It's a reliable old remedy for all stomach troubles, never fails to cure indigestion, dyspepsia and chronic constipation, and is a natural tonic for body and mind.

Two sizes, 25c and 75c. All druggists.

In the year 1895 the United States produced nearly 386,000,000 pounds of copper. Its value was \$38,000,000—not quite ten cents a pound. Every year since then the output of our copper mines has been greater than the year before. In 1904 American mines produced 512,000,000 pounds, and the value was \$105,800,000, or about thirteen cents a pound. The increase in consumption being greater than the increase in production, the price advanced steadily.

Nothing will relieve indigestion that is not a thorough digestant. Kodol Dyspepsia Cure digests what you eat, and allows the stomach to rest—recuperate—grow strong again. A few doses of Kodol after meals will soon restore the stomach and digestive organs to a full performance of their functions naturally.

Sold by Jno. X. Taylor.

Senators Foraker and Aldrich thought they had made great speeches against the rate bill, but when Senator Bailey of Texas got through with them they looked like thirty cents.

Just Because your cough is only in the throat and does not trouble you now, don't think that it needs no attention. When it has not had much of a start in the time to check it. The slightest cough easily leads to Pneumonia, Bronchitis and Consumption. A bottle of Ballard's Horehound Syrup will cure that cough. The price puts it within reach of all. Sold by St. Bernard Drug Store.

Enter for Matrimony.

Five pretty, but dowdier, eastern maidens, all graduates of Wellesley college, lunched at a fashionable Denver, Col., hotel and formed a unique matrimonial club. They affixed their names to a contract, to receive marriage proposals from men of good family who have money. Not desiring to reveal their identity they will not permit use of their names, but as a guarantee of good faith have consented to the publication of their pictures over numbers, by means of which correspondence may be carried on. One of the girls is from Georgia, one from Michigan, two from Ohio and one from Indiana.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds.

Officials of the N. Y. Life are to return \$100,000 which was contributed to the Republican National Committee. If this keeps up, Chairman Cortelyou and Treasurer Bliss will have to admit that they got it. Though they needn't say where as we know already.

Good Digestion

Is the essential characteristic of men and women. Invaluable to good business men and necessary to housewives. A woman who is good digestion when she buys White's Cream Vermifuge for her baby. The best worm medicine ever offered to mothers. Many indeed are the sensible mothers, who write expressing their gratitude for the good health of their children, which they owe to the use of White's Cream Vermifuge. Sold by St. Bernard Drug Store.

A negro has been lynched in Louisiana for stealing a cow. It is impossible to tell how they would have punished him if he had stolen a fine male.

The Better Way

The tissues of the throat are inflamed and irritated; you cough, and there is more irritation—more coughing. You take a cough mixture and it eases the irritation—for a while. You take

SCOTT'S EMULSION

and it cures the cold. That's what is necessary. It soothes the throat because it reduces the irritation; cures the cold because it drives out the inflammation; builds up the weakened tissues because it nourishes them back to their natural strength. That's how Scott's Emulsion deals with a sore throat, a cough, a cold, or bronchitis.

WE'LL SEND YOU

SCOTT & BOWNE, 400 West Street, New York

Tennessee has instituted a new procedure in "lynching a man out of a new trial."

Why

have a torpid liver when Herbine, the only liver regulator will help you? There is no reason why you should suffer from Dyspepsia, indigestion, Chills and Fever or any liver complaints. When Herbine will cure you. F. C. Waite, Westville, Fla., writes: "I was sick for a month with chills and fever, and after taking two bottles of Herbine am well and hearty." Sold by St. Bernard Drug Store.

It is denied that Senator Depew is a sanitarian. Well, they spell it sanitarian in some localities.

L. H. & St. L. R. R.

"HENDERSON ROUTE"

On and after April 1, 1906, all trains of this Company will arrive at and depart from 10th St. Station, Tenth and Broadway, instead of from Seventh Street Depot (formerly Union Depot), Louisville, Ky.

L. J. IRWIN,

General Passenger Agent, Louisville, Ky.

Put Cotton in His Ear.

Several days before General Joseph Wheeler died, and at a time when he was occasionally irrational, he sat us in bed one evening and said to his nurse "When does the firing begin?" To humor him the nurse replied: "The firing will begin?" The firing will begin at nine o'clock, general." General Wheeler leaned back in his bed, apparently resting. At five minutes to nine o'clock he reached over for his watch, noticed the time, and took from the table near his bed a small bunch of absorbent cotton. The nurse was watching him, somewhat puzzled by his actions. Very deliberately General Wheeler plugged both ears with the cotton. Then he leaned back in his bed again and went to sleep.

Stomach and Liver Trouble Cured.

Orino Laxative Fruit Syrup cures stomach and liver trouble as it aids digestion, and stimulates the liver and bowels without irritating these organs like pills and ordinary cathartics. It cures indigestion and chronic constipation. Orino Laxative Fruit Syrup does not nauseate or grip and is mild and pleasant to take. Refuse substitutes. John X. Taylor.

About the only use France seems to have for a president is to stand around and wait for the cabinet to fail to pieces so that he can run in with the repair wagon.

"A simple look is all I crave," said the sentimental young man to the belle.

"Then you'd better consult your mirror," she replied tartly.

Cured Hemorrhages of the Lungs

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Akke, of W. Va. "and took my treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bell. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. John X. Taylor.

It is whispered in Zion that Dowd and his wife have parted. But all sorts of whoppers float through Zion at one time or another.

Winter lingering in the lap of spring; is what makes countless thousands mourn.

Fresh lot of Bliss' Native Herbs, Oil and Balsam at Geo. W. Fieley's, next door to Ross' drug store Madisonville.

It greatly pains and shocks the car to learn that his police are no better than his government.

Gov. Cummins of Iowa, is doubtless gratified to learn that Senator Elkins takes him seriously. Score one for the "Iowa idea."

WEAK HEARTS

are caused by Indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart. Indigestion causes the stomach to expand—swell and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol Dyspepsia Cure

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures indigestion, Dyspepsia, Sour Stomach, Inflammation of the mucous membranes lining the Stomach and Digestive Tract, Nervous Dyspepsia and Catarrh of the Stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.

MRS. LORING NICHOLS, Penn Yan, N. Y.

I had stomach trouble and was in a bad state as I had heart trouble with it. Took Kodol Dyspepsia Cure for about four months and it cured me.

D. RAVEL, Nevada, O.

Digests What You Eat

Indigestion leads to the use of Kodol Dyspepsia Cure, or 50 cent size.

Animal Love.

The more comfort the more profit. Look out for early lambs; see that they do not get chilled.

Clay floors are good; horses kept on them usually have sound feet.

There is no sense or economy in exposure to either cold or storms.

A good feed of roots at noon to the breeding sows and growing pigs, will be found profitable.

The pens should be cleaned each day, to avoid a filthy condition and to keep the hogs comfortable.

It is wise to feed the hogs well at night, so that they will not become hungry before morning.

Plank floor should be kept in repair so that there will be no breaks that may cause the animals to get cast.

Separate the heavy ewes from the rest of the flock, and see that there are no drafts to affect them in the pens.

The creosol or kerosene emulsion can be applied to the hogs with a broom, from a bucket; or an old sponge can be used.

Many a good horse has been spoiled just by standing in the barn doing nothing. Its legs become permanently enlarged. A horse can't stand idleness any more than a man can.

If musty straw is used or old straw is left in the hog nest, there is danger of mange or other skin diseases. A wash of thymocresol, or kerosene emulsion with water (one-third emulsion with two-thirds water), can be used to prevent mange and lice.

The Honey and Egg Makers.

Fence the fowls against all marauding animals.

Keep a good supply of old plaster before the chicks.

Cleanliness is effective in keeping the fowls in health.

During cold weather it is best to water an hour after feeding.

Both pigeons and geese pair; but ducks, turkeys and hens do not.

Bees have been known to fly as far as seven miles in search of flowers.

A single swarm has been known to make 1,000 pounds of honey in a season.

It's the under part of a hen's body that has no protection. All wet soaks in and chills the hen, thus causing most ailments.

The air in an ordinary family cellar will not be fit for bees if decaying apples, cabbage and turnips are not regularly sorted out and removed.

When a sick or droopy fowl is noticed, and there is a doubt about what ails it, a good family liver pill is the safest treatment and the chances are it is just what it needed.—Farm Journal.

Farm Notes.

Pastures need drainage as well as the meadows.

Some one says that horticulture is the poetry of agriculture.

Farmers are becoming more interested in horticulture.

The farmer's garden is one of the most profitable spots on the farm.

A pasture properly handled is one of the most profitable parts of the farm.

The first thing the model hired man does is to wipe his feet on the door mat.

The orchard on the loamy hilltop cannot be cultivated often or the soil will wash.

Varieties of fruit—who can give you sounder advice than the best growers in your neighborhood?

Which would you bet on to come in ahead, the farmer who works but study, or the farmer who will study but won't work?

Good farming consists in getting the most out of our fields, with the least expenditure of fertilizing elements and then in putting back everything which will build up soil.

The Methods.

In the management of the hotbed there are five things to be taken into

consideration—maintaining the heat, ventilating, watering, hardening off the plant and transplanting. The temperature of the soil should be kept at 65 to 80 degrees. When the sun is shining the glass should be raised, so that ventilation is possible or the temperature will rise much above the danger point. Frequent watering should be practiced, spraying or sprinkling over the surface, to prevent a hard crust forming on the earth. This is particularly important before the plants appear. In all kinds of weather the beds should be thoroughly ventilated, so that the plants may receive fresh air, which is of much importance in the growing of strong, healthy plants, says an Orange Judd Farmer writer.

Corn is the Greatest Crop

among all the cereal crops of America. Its value is about twice that of the wheat crop and more than two bushels of corn are grown to one bushel of oats. With modern corn improvement methods, varieties adapted to all sections in the United States are being developed. As a food for live stock it has no equal, and rare indeed is the farmer that cannot, with good profit, grow a considerable acreage of this cereal. Plan to make the corn crop of more importance in your rotation by fertilizing it heavily to produce large yields. Silage has an important place upon every farm where an intensified system is being used.

Cows in Spring.

In the spring there is almost always more or less trouble with the udders of cows. The best way to avoid this is to feed no heavy rations for a few weeks before they begin to give milk. Then wheat bran should be about the only grain ration. If the bag becomes caked, rub it often with quite warm water. If very bad, drop a little camphor into the water. Vaseline is also very good. But keep the rubbing up till all the bunches are gone.—Dr. Mitchener in Farm Journal.

Seeding Oats.

At the Kansas station a number of years ago it was found that the best yields of oats were obtained on spring plowed land for four years in succession. The average for six years showed that no method of seeding produced so good results as sowing with a shoe drill having press wheels. The tests further indicated it not advisable to sow less than two and a half bushels of oats per acre.

Dehorning the Cows.

If you are going to take off the cow's horns at all, now is the time, before there are any flies to annoy. Don't try to do it yourself; you will be likely to make a bad job of it. Get a man who knows what he is about, and who has some heart in him.

Many a boy is driven from the farm because his father did not "tote fair" with him. He was given a pig or a calf, but when the animal was sold he never saw any of the money. Finding that he could not trust his father, that he had few or no holidays and that farm life was a ceaseless drudgery, it is no wonder the boy grew up to hate the farm and left it at the first opportunity. Be as honest with your boy as with your neighbor.

Don't be such a "wet blanket" that the children and young folks are afraid to speak when you are near. The gossip of a corner store is more to a boy's taste than such a home.

Where one plants the smallest potatoes of the previous year's crop he soon finds himself strictly in a small potato business.

Some people think that success should be spelled with a dollar mark in front.

Going to Paint This Season?

Has the paint on your house ever stuck five years?

HAMMAR PAINT will stick five years!

Because

The essential qualifications of a lasting paint, viz., perfectly blended pigments and pure linseed oil, are what you get when HAMMAR PAINT is used.

You do not know the quality of oil used in ready mixed paint.

You do not know how long the ready mixed paint has been standing. Hammar Condensed Paint is nothing but a perfect blend of paint pigments. You add thereto an equal portion of pure linseed oil. The result is a paint that you know contains pure linseed oil without adulteration.

A paint that always has lasted five years and always will.

But to make it safe for you to buy Hammar paint, we will guarantee it to last five years or money back. This guarantee is backed by a half million in cash and by the Great Hammar Paint House of St. Louis, with the reputation of a third of a century back of it for honorable dealing. Drop in some day and let me tell you something about paint that's new.
